---

## PROFESSIONAL EXPERIENCE

### **Raytheon Technologies – Portsmouth, RI**

*Lead Engineering Laboratory Manager | 2023–2024*

- Directed all lab operations, quality compliance, and infrastructure readiness across a key Raytheon site.
- Led a team of lab managers supporting engineering programs under strict security and QA protocols.
- Ensured alignment with DoD security procedures, site safety, and ISO-certified quality systems.

### **Contech Research Inc. – Rumford, RI**

*Quality Assurance Manager | 2021–2023*

- Revitalized legacy QA program, aligning operations with ISO 17025 and DoD testing standards.
- Successfully passed DLA audit with minimal prep, exceeding federal compliance benchmarks.
- Oversaw testing lab operations and implemented updated documentation controls.

### **Azzur Group (Consulting for Moderna, Takeda, Sanofi) – Waltham, MA**

*QA, Field Service & Business Manager | 2019–2021*

- Built ISO 17025/9001 quality program from ground up; authored 250+ SOP pages.
- Managed cross-functional teams and led client-facing QA and compliance initiatives.
- Reviewed CAPAs, approved contracts, and guided strategic lab compliance improvements.

### **U.S. Navy – NUWC (Naval Undersea Warfare Center) – Newport, RI**

*Metrology Manager, Physical Section | 2014–2019*

- Managed 5,000+ metrology projects critical to undersea systems and fleet readiness.

- Partnered with National Physical Standards Lab on acquisition protocols affecting Navy-wide calibration practices.
- Coordinated QA reviews, improved lab throughput, and implemented system-wide updates.

**Autocam Medical – Plymouth, MA**

*QA Program Manager | 2013–2014*

- Directed calibration and QA inspection programs for precision medical devices.
- Applied GD&T and advanced schematics to maintain FDA and ISO compliance.

**U.S. Air Force – Aviano, Italy & Goldsboro, NC**

*QA & Metrology Specialist | 2008–2013*

- Supervised multi-unit calibration labs supporting NATO and stateside operations.
- Authored training programs now standardized across the Air Force MetCal community.
- Recognized by Air Force audit teams for QA program excellence.
